## **Prayer**

Thank you for allowing us to pray for you.

The prayer team you selected through the category field will receive an email with your details and Praise or Prayer Request.

As the team prays over your submission, individuals have the chance to respond to your request. These comments will be emailed back to you, at the email address entered on the original prayer form. If you leave the email field blank, you won't be able to receive responses from our Prayer Intercessors.
